Exhibition & Conference Details:

Monday 24th October and Tuesday 25th October

Address: 155 Bishopsgate, London EC2M 3YX

Background:

Following a highly successful inaugural event last year, The Tech Expo is back and set to explore a unique focus on contextual use of emerging technologies.

Over the two day event, The Tech Expo will host four high level inspiring conference tracks:

- Contextual Technology (B2C)

- Contextual Enterprise

- Immersive Tech (AR and VR)

- Fintech and Blockchain

The show will also feature exhibitors offering an interactive experience of the tech for our visitors. Centrally, the Expo hosts an Emerging Tech stage – the perfect place to explore the latest technology solutions and innovations.

Throughout the course of the Expo, the key technologies being covered will include:

- Sensors and beacons

- IoT

- Robotics

- Immersive tech (AR and VR)

- Contextual technology (B2C)

- Data and analytics

- Cloud

- Contextual enterprise

- Fintech

- Blockchain

- Connectivity

The Tech Expo will bring together developers, brands, marketers, technology providers, designers, innovators and evangelists looking to set the pace in our advanced world of technology.
