

OXYGEN8 AWARDED ACCREDITED PLATINUM PARTNER BY VODAFONE

Oxygen8, is a leading global technology provider of multi-channel solutions, announces that it has been awarded Vodafone Platinum Partner status. Oxygen8 is one of only six Vodafone partners to be awarded Platinum Partner status – the highest level within Vodafone’s partner accreditation scheme.

The Vodafone Business to Business Enablers programme connects businesses looking to market cross-network solutions with aggregators like Oxygen8. Vodafone’s framework is designed around 4 tiers: Platinum, Gold, Silver and Specialist. Aggregators are judged on market leading customer propositions, performance, in-depth market knowledge, technical expertise, innovation and established relationships with Vodafone.

“Oxygen8 is delighted to receive this accreditation, this is a testimonial of our commitment to provide the highest customer service, technical expertise and a range of leading edge solutions to meet our customer’s needs. Having also won the EE Partner of the Year award, this clearly demonstrates our established working relationships with mobile network operator teams and the value this drives across the full value chain “ Gary Corbett – Chairman
