

Global Carrier Billing Summit

As the only, global, focused event specifically made for the Direct Carrier Billing (DCB) ecosystem, the Summit is a must-attend event for all mobile payments and VAS specialists, digital merchants, operators and businesses who are looking to expand their portfolio into the DCB space, which has shown steady growth over the last few years.

Taking place this **25-26 September** at the Millennium Gloucester in London, this event will be covering both developed and emerging markets, the Summit showcases operator case studies, merchant perspectives, partnership models and innovative examples from other payments providers who can partner or inspire the carrier billing community. You can find out more about the summit from here:
